DRAWING LETTER AFTER EXAMINER'S INTERVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450
Mail Stop AF

Sir:

This is in response to the Examiner's Request during the recent Examiner's telephonic interview to prepare an Examiner's Amendment in the referenced patent application.

It is understood that the Examiner is preparing a Corrective Interview Summary for issuing an Examiner's Amendment.

In the telephonic interview, the Examiner claimed that the existing replacement drawings did not include Fig. 5.

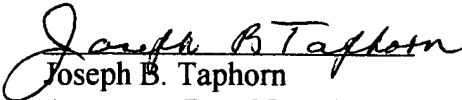

Applicant requests reconsideration of the request. Applicant believes that Fig. 5 already appears in the application drawings.

This application is a continuation in part of application no. 09/313,566 filed 5/14/99. Replacement drawings for the original drawings in that application were tendered via an Amendment dated September 1, 2000, tendered anew in the SECOND Supplemental Amendment dated November 14, 2000, and finally accepted per the Office Action dated 1/31/01 after the THIRD Supplemental Amendment dated January 23, 2001. Inspection of the 2nd sheet of the drawings reveals a Fig. 5.

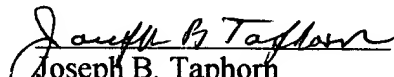

Thus this continuation-in-part application utilized the drawings of the original application (to wit, the replacement drawings therein).

Wherefore applicant believes that this application will be in condition for allowance when claims reflecting the interview amendments are filed.

Respectfully submitted,
